HOW TO USE THIS PLANNER

3 simple steps to plan your week

01

PICK YOUR CONTENT TYPES

Choose 3–4 types of posts you'll rotate through the week.

Example: Educational → Relatable → Promotional → Inspirational

02

USE THE PROMPTS

Each day has a fill-in prompt. You just fill the blanks

and write 2–3 lines. Done in 10 minutes per post.

03

BATCH & SCHEDULE

Sit down once a week, fill all 7 days, then schedule

using Buffer, Later, or Meta Business Suite — for free.

PRO TIP

You don't need to post every day. 3–4 times a week with good content

beats 7 times a week with boring content. Quality > quantity always.
